

Transport Planning Society Application for Registered Membership (MTPS)

Details

Transport Planning Society (TPS) members who commit to working to the professional standards required under the Society's Code of Professional Conduct can become Registered Members of TPS and be permitted to use MTPS as post-nominals. Designated Members, who are already committed to complying with the Code of Professional Conduct can also use MTPS, as well as TPP, as post-nominals.

The Code of Professional Conduct requires Registered and Designated Members to:

- ensure that they acquire, and use wisely and faithfully, the knowledge that is relevant to their work in the service of others;
- adopt the highest standards of professional conduct, openness, fairness and honesty;
- give due weight to all relevant law, facts, published guidance, best practice, and the wider public interest;
- be aware of the issues that transport planning activities and outcomes raise for society, and listen to the aspirations and concerns of others; and
- accept the Society's disciplinary process should there be any complaint about their alleged failure to comply with the Rules of Professional Conduct.

Any TPS member wanting to use MTPS as a post-nominal must sign an undertaking that they have read, have understood and will comply with the Code of Professional Conduct, and ensure that their TPS subscription is fully paid. A copy of the Code of Professional Conduct is available to download from the TPS website - [link](#). For further information please contact the Society at info@tps.org.uk

Confirmation

I have read, understood and agree to fully comply with the Transport Planning Society's Code of Professional Conduct. I acknowledge that I will only be entitled to use the post-nominals "MTPS" after I have received notice from the Society and for so long as my subscription to the Society is fully paid up to date.
