The Transport Planning Professional Qualification

**Non-members of TPS and IHT welcome
Complimentary glass of wine beforehand**

The IHT in association with TPS has recently launched a new Transport Planning Professional (TPP) qualification, designed to provide professional recognition for Transport Planners. We are delighted to welcome Martin Richards, TPS Board, and Derek Palmer, TPP Consultant, to give a presentation on the new qualification.

The qualification enables transport planners to gain recognition for their particular knowledge and technical skills. The access routes are designed to allow transport planners from any academic background to work towards the qualification. Martin and Derek will briefly outline the background to the qualification, the competence standards and assessment procedures. Katherine Agong, Capita Symonds, will reflect on her experience as one of the first successful candidates to have taken the qualification.

The event is free. To register to attend please email tps@ice.org.uk.
