

Evening Meeting

Thursday 28th May 2009

NEW TRANSPORT PLANNING PROFESSIONAL (TPP) QUALIFICATION

**Martin Richards, TPS Board and
Derek Palmer, TPP Consultant**

The IHT in partnership with TPS, have recently launched a new Transport Planning Professional (TPP) qualification, designed to provide professional recognition for Transport Planners. The IHT Branch and TPS Region are delighted to welcome Martin Richards and Derek Palmer who will be giving a presentation on the new qualification. The qualification enables transport planners to gain recognition for their particular technical skills and knowledge in the same way that CEng recognises professional engineers. The access routes are designed to allow transport planners from any academic background to work towards the qualification. Martin and Derek will briefly outline the background to the qualification, the competence standards and assessment procedures.

Who should attend? Anyone with an interest is most welcome. You do not need to be a member of IHT or TPS to come along. Those who may be interested include:

- Individuals who wish to become professionally qualified Transport Planners and potential mentors;
- Practising Transport Planners and their employers (both public and private sectors, organisations/firms of all sizes and across the different modes);
- University students, lecturers and careers advisors – those involved in specific transportation courses or other relevant undergraduate courses; and
- Anyone with an interest in finding out what the new qualification is about.

**Presentation - 6:30pm, Mott MacDonald, Canterbury House, 85 Newhall Street, Birmingham B3 1LZ
(Refreshments from 6pm)**

Non members welcome
